**1-800-778-9411 or (812) 284-0276 Ext. 3**

Expiration Date: 11/30/2009

**100% SATISFACTION GUARANTEE FROM CROWN!**

Ever wonder how the Pro's clean and detail those campers? Here's the secret to what we use at Cunningham's.

**The Wash Technique.** Start with a 5 gal. bucket of water, 2 TBL Spoons of Dawn dishwashing liquid and a soft bristle brush. Take your bottle of Crown Black Streak Remover and spray the area of the coach you are cleaning (don't do the whole sidewall at one time, pick sections). Immediately dip your brush and begin cleaning (Crown is concentrated and only takes 10-15 seconds to activate). Rinse the area you just brushed. Repeat until coach is clean, that's all there is to it. Oh, and don't forget to wash the roof.

**Waxing.** We use ReNew 3000 because it has a UV Blocker, restores color, removes oxidation, cleans any residue left from the wash, polishes & protects all surfaces including fiberglass, aluminum and painted metal and really makes them shine.

Now you know our secrets! Here's some price info (before the coupon):

**Crown:** Qt. \$8.00 Gal. \$26.95    **ReNew 3000:** Qt. \$10.80
